

Retro-Fitting REDDI

We would like to thank you for your support of A-Designs Audio Products.

This notice is for those of you who purchased a REDDI before the 1/1/07 “Thru Jack” modification.

A-Designs Audio is offering a Retro-fit.

This offering is to be viewed as “OPTIONAL.” There are 2 other options that we strongly recommend: (1) Purchase a “Y” cable or (2) a “Splitter Box.”

PRICING:

The total cost to retro-fit a REDDI is 65.00usd PLUS a 12.00 return UPS Ground shipping for Domestic ONLY. (For exports, please research the cost of shipping UPS International, plus duties and taxes, that apply to your country. Otherwise, the cost to ship International will be 175.00usd).

All REDDIs should be shipped to:

**A-Designs Audio
C/O G&J Manufacturing Inc.
ATTN: Raymond
820 S. Palm Ave. Unit 21
Alhambra, CA 91803
Tel: 626-458-9488**

Include a check for the total amount of 77.00usd along with a return address and telephone number.

This is just an offered “OPTION” and we strongly suggest you look at the other 2 available avenues before you make your decision.

There is no “PROFIT” to gain on our behalf for offering this “Retro-

Fit.” It is there if you feel you can not live without it.

We are sorry for any inconvenience this may cause, but the decision to make this change was due to the valued feedback from our customers and we do our best to listen and act upon any constructive input.

Thank you for your continued support.

Respectfully,

**Peter Montessi
President
A-Designs Audio**
